

Update April 7th, 2025

Clean them up!
Check them out!
It's race season!

Pylon Racing School (PRS) is April 25th, 26th, and 27th. PRS is set up and paid for by Tom Melshiemer to promote racing. Thanks, Tom, for continuing to sponsor this event. If you know anyone that is interested in pylon racing, this is a great time to get them started or get them some practice. PRS is also a good time to get an early start on the season and get a good shake down of your equipment and airplanes. As usual, if you are new to pylon racing or just want to fly the race course, this is it. It's free and pylons will be set up.

The first CAPS race (Indy Shootout) in Muncie is May 17-18, 2025 (Open for test/practice on Friday the 16th). We need everyone to look at their calendars and get registered for the race.

Please go to the AMA International Aeromodelling Center (IAC) Calendar for details on the events schedule for this year:

<https://www.modelaircraft.org/iac-calendar>

Preregister for our Regional races at:

<http://www.capsracing.com/>

Preregister early as it helps us to put on the best possible races! You no longer need to preregister your team info, the new pilot entry system does it from the information that you supply at event registration.

Help us put on the best possible races, **join CAPS**. Membership helps to maintain the timing equipment, purchase needed supplies and fuel. Membership form included. Preregister, **join CAPS**.

Stay Safe and Healthy. See you at the races.
