

Update June 2025

Hi All,

I hope this finds you all well.

WOW! What a great start to the season. I was worried when the Indy Shootout was approaching, with 2 weeks prior to the race, we only had 19 people registered to race. You all stepped up and we ended up with a total of 32 pilots registered. On top of that, there were a total of 37 pilots registered for the GCRCC Moonshot. A fantastic start to the season. Thank you to all that attended and congratulations to the winners and fast time pilots. Both weekends, the weather did not start the greatest. Winds were pretty strong on Saturday at both races. The Indy Shootout, we were battling winds in excess of 20+ mph, but luckily it was straight down the runway.

The NATS are quickly approaching, July 5th through 11th, 2025. Make sure you get registered through the AMA if you are attending. Also, make sure you get your teams together and get that information to Chuck Andraka. He will be taking team requests till July 3rd, after that, you will be placed in matrix as a solo.

I would like to send a huge thank you to all of our sponsors; Ritch's Brew, APC Props, Bob Smith Industries, Jett Engineering, and Penn Bags (new sponsor). Without their support, we would be struggling to maintain our races. Please make sure you support our sponsors, as they are supporting our hobby.

I would like to send out a special thank you to our former President, Tom Melsheimer. Although he has stepped down as President, he is still attending races and ensuring the PLATE system is updated and working properly.

Don't forget to register for the Ben and Carolyn Fall Classic, which is being held Aug 29th – 31st. Friday, the field will be available for practice and practice fuel will be available for purchase. .

Please go to the AMA International Aeromodeling Center (IAC) Calendar for details on the events schedule for this year:

<https://www.modelaircraft.org/iac-calendar>

Preregister for our Regional races at:

<http://www.capsracing.com/>

Preregister early as it helps us to put on the best possible races! You no longer need to preregister your team info, the new pilot entry system does it from the information that you supply at event registration.

Help us put on the best possible races, **join CAPS**. Membership helps to maintain the timing equipment, purchase needed supplies and fuel. Membership form included. Preregister, **join CAPS**,

Stay Safe and Healthy. See you at the NATS.
